

CLEAN RECYCLED MICRODUCT is
Made with recycled material.

This product is designed for direct burial by having thicker inner tube-like Thick-Walled duct.

The thickness of each inner tube allows individual tubes to be used direct buried solution. This product is usually recommended to the site which requires fast and easy sheath cutting during fiber branch off from the FCP.

- ❖ Installation: Open cut, Micro trenching, Mini trenching, Plow , HDD, Direct Installed
